Dear Brother

28

I know you will feel anxious to know how I succeeded in getting the letter copied and sent. Young Williamson did not bring it to my house till one minute past 7. & I then had to read it with him, read, direct, & take it to the office before 7 1/2 past 7 last evening, which I did, and paid the postage. The Governor will get it to-morrow morning. The printer had his proof ready by 2 o'clock: some delay took place in correcting it; but last evening two clips were sent, one to the Recorder & one to the Emancipator. To-morrow I will send one to the Evangelist, Albany Patriot, Baltimore &c. You had better see Bidwell, & make him do the right thing.

I was so stupid as to forget, in our hurry, to ask you to send me 100 of the Lyman Address &c in a pamphlet form. I will send the money the first opportunity. What will they be? Let them come by Adams' express. Mrs M'Locky read the Address to day, & was delighted with it, and said that it ought to be spread far & wide. I will send some names as soon as I can. It was not till last night I found where I could get a file of the Philadel. phian. Tell Mr Tappan I will attend to it. Do take care of yourself. Remember the Dr's prescriptions.

Yours very truly

C. H. Cleveland
